- Role: Front end designer
- Tools: CSS, HTML, JavaScript, Local Storage, Moment.js, Google Fonts

EXPERIENCE

Freelance Writer and Editor   **2020-2021**
WizCase   **London, UK**
Onboarded as a freelance writer and later promoted to writer/editor for cybersecurity and VPN reviews.
Key Accomplishments:

- Worked with team members to get articles out on a tight deadline, juggling multiple projects at once
- Helped train and bring up to speed new employees, even helping one of them publish one of our best pieces used to train new writers
- Received hands-on experience researching competitors and user testing the products before writing reviews.

Project Coordinator   **2019-2020**
TIP Medical Communications   **Chester, NJ**
Helped team members build client-requested applications for medical conferences and helped edit podcasts.
- Collaborated with team members and clients to deliver the product as requested on schedule and helped set up on-site support
- Spearheaded a new feature for our apps that would generate QR codes for users to scan for ease of access during the conferences
- Helped boost productivity so we could take on more projects
